

A kitchen shower was tendered Mrs. J. B. Carroll in connection with the regular meeting of the Outlook club held yesterday afternoon at the home of Mrs. Carroll's mother, Mrs. George B. Freed in South Pittsburg street. Many useful kitchen utensils were received by Mrs. Carroll, who was formerly Miss Frances Freed. An interesting program was rendered. Mrs. A. P. Freed read a paper on "Current Events," after which a paper on "The Work of the Boy Scouts and Camp Fire Girls Aids Doing," written by Mrs. J. J. Thompson, was read by Mrs. W. P. Clark. Mrs. David Long read an interesting article on "Why the Doughboys Swear," written by Dr. Daniel Marsh of Pittsburgh, a well known lecturer. Delicious refreshments were served at the close of the program. Mrs. Ellis B. Burgess will entertain the club Monday afternoon, April 7, at her home in Vine street.

The monthly business and social meeting of the Epworth League of the First Methodist Episcopal church will be held tonight in the church annex instead of the home of Mr. and Mrs. L. L. Buttermore as announced yesterday. Officers for the ensuing year will be nominated and other important business will be taken up. All members are urged to attend.

The Philathea class of the Christian church will meet Thursday evening at the home of Miss Lessaline Stillwagon in Morton avenue.

A meeting for the purpose of forming a local organization of National Fraternity girls was held last night at the home of Miss Grace Adams in East Green street, with seven fraternal girls who were not present at the meeting and who desire to become members of the organization are asked to communicate with Miss Adams or Miss Margaret Whiteman.

A meeting of the Valley Fraternity will be held tonight at 7 o'clock. All members are requested to be present to discuss plans for the Easter reception which will be given on April 25, in the armory.

Mr. and Mrs. Charles Reed and Mrs. J. W. Pickett of Pittsburgh, formerly of Connelleville, were among the out of town guests at the celebration of the 20th wedding anniversary of Mr. and Mrs. C. H. Edwards Friday evening at the Edwards' home in Brownsville.

The W. W. Pickett class of the Methodist Protestant church will meet Thursday night at the home of Mr. and Mrs. Charles Jones, 318 North Prospect street.

Officers for the ensuing year will be elected and other business of importance transacted at the regular meeting of the N. C. D. class of the First Methodist Episcopal church to be held tonight at the home of Mrs. L. E. Michael in Morrill avenue, Greenwood. All members are urged to attend.

The regular meeting of the Daughters of America will be held tomorrow evening at 7:30 o'clock in Odd Fellows' hall.

#### PERSONAL

R. S. Matthews is a Scottsdale visitor today.

Mrs. John T. Wertz of Scottsdale was the guest of her sister, Mrs. John Dugan, Jr., yesterday.

Miss Vileta Michael, daughter of Mr. and Mrs. L. S. Michael of Morrill avenue, Greenwood, has returned to Ohio Wesleyan college, Delaware, O., after spending the spring vacation with her school friend, Miss Jean Thompson of Cleveland, O.

Dr. and Mrs. G. W. Gallagher are expected to return tonight from a trip to Philadelphia and Atlantic City.

Mrs. Sarah Crisp, who is at Tampa, Fla., for the benefit of her health, is getting along nicely according to word received here in a letter from Mrs. Crisp.

Mrs. and Mrs. John F. Torrence have returned from Pittsburgh where Mr. Torrence underwent a serious operation at the West Penn hospital.

When You Want Anything Then use our classified column. Results will follow.

Don't trifle with a cold—it's dangerous. You can't afford to risk Influenza. Keep always at hand a box of

Standard cold remedy for 20 years—in tablet form—safe, sure, no opiates—breaks up a cold in 24 hours—relieves grip in 3 days. Money back if failed. The genuine box has a Red top with Mr. Kelly's picture. At All Drug Stores.

## WAR NEWS

By Associated Press.

### COSSACKS DRIVE BACK BOLSHETIKI

LONDON, March 25.—Six Bolshetiki regiments on the northern Don front have been driven over the Don river by the Don Cossacks, according to an undated dispatch from Ekaterinodar. The Cossacks also reconquered Ekaterinodar, in the northwestern part of the Don territory.

### REDS ASK DETENTION

PARIS, March 25.—(Havas) The Russian soviet government, according to the Matin, has sent a message to Budapest asking the new soviet government there to detain the members of the French military mission as prisoners. The Russian authorities, it was added, desired this action with a view to bringing about the exchange of this French mission for a soviet mission which the Russian soviet authorities alleged had been held by the French authorities at Saloniki.

### AMERICAN COAL WINS

Over Welsh for a Big Contract With a Brazilian Railroad.

In the last few days the Brazilian Central Railways company has placed contracts in the United States for 600,000 tons of steam coal. Those railways in the past were regular customers for Welsh coal, and a fortnight ago they asked for tenders from South Wales for 200,000 tons for delivery over six months. Not a firm in South Wales was prepared to undertake the business, says a Cardiff correspondent. Not only did the company decide to accept American offers, but increased the quantity to 600,000 tons to establish reserve supplies.

During the war American coal has gained a big footing in South America and commands as big a price as Welsh coal. American coal exporters are selling at 25s per ton (\$3.90 f. o. b.) and the freight at 80s per ton, making about 50s per ton f. o. b., and the freight and other charges run the price up to about \$6 per ton, so that the depot owners get a larger profit on American coal.

In this way also Welsh coal is being driven out of the market. Also regularly of supplies cannot be depended upon.

## The Easter Fashion Treasures

The fashion sections of the store contain merchandise treasures for Easter, not merely from a dollars and cents viewpoint, but more particularly because they contain those assets of value—of fashion value—which mean so much in the sum total of pleasure and satisfaction to every woman at the opening of the Easter season.

For example we know a designer of New York who received from Paris only a few weeks ago, model garments from a leading originator of that city which had only just been designed and which this designer instantly reproduced in line, and adapted in other models, placed them into work and has just sent them in all their newness, originality and fashion desirability, to a certain list of his patrons, this store included.

This kind of fashion service means that we really offer you treasures, enabling you to dress exceptionally well, for this system of bringing things to the store immediately they are accepted, is a store, and not merely a one department policy.

Tomorrow the department of Suits, Capes and Dresses offers:

\$35.00 and \$37.50 Dresses at \$24.95

\$30.00 and \$32.50 Suits at \$22.50

Tomorrow the section of Waists offers:

\$6.00 and \$6.50 Waists at \$5.50

Tomorrow the section of Millinery offers:

\$5.00 and \$6.00 Hats at \$3.95

### The Grim Reaper

REV. JOHN W. GALLATIN.

News has been received here of the death on March 9 at Clayton, Kan., of Rev. John W. Gallatin, a retired minister of the Church of God and a former resident of Fayette county. Death occurred at the home of a son, Joseph G. Gallatin, at the age of 55 years. Five months and 23 days. Rev. Gallatin was born September 24, 1824, in Springfield township, near Normalville. He was united in marriage March 21, 1861, to Miss Margaret C. Duncan. To the union were born eight children, four of whom preceded him in death. With his wife and children Rev. Gallatin moved to Clayton, Kan., on October 12, 1885, where he lived until the death of his wife on December 5, 1897. He then came back to his old home in Pennsylvania where he remained until 1913 when he returned to Kansas, spending the remainder of his days with his son. Rev. Gallatin united with the Church of God at the age of 16 under the preaching of Rev. John H. Emerson, services being held at the James Pritts residence. For many years he preached for the Church of God. He is survived by three daughters, Mrs. John Brooks, Norcutt, Kan.; Mrs. Belle Bail, Uniontown, and Mrs. Nannie Stillwagon of Colorado, and one son, Joseph G. Gallatin of Clayton, Kan. He leaves also 26 grandchildren and 36 great grandchildren. His brothers and sisters are all dead.

Funeral services will be held Thursday afternoon at 2 o'clock from the Reeser home and at 2:30 o'clock at the Mount Olive church. The interment will be made in Mount Olive cemetery.

## NEWS OF THE DAY AT MT. PLEASANT BRIEFLY RELATED

**Seventy-Sixth Anniversary  
of Mrs. George Roden-  
our Observed.**

### NEW ERA CANVASS A SUCCESS

**Presbyterians Raise 50 Per Cent Above  
Last Year's Subscriptions for  
Church Work in House-to-Home  
Canvass; Women's Day at the "T."**

Special to The Courier.

SCOTTSDALE, March 25.—A dinner was given at the home of John Eicher on Chestnut street Sunday in honor of the 75th birthday anniversary of Mrs. George Rodenour. Her children and grandchildren were present. A large birthday cake, appropriately decorated with candles, formed the centerpiece. Among the guests were Mr. and Mrs. A. K. Boeber and Mr. and Mrs. E. W. Ridenour, Pittsburgh; Mr. and Mrs. O. B. Metzler and family, Carmichael; Mr. and Mrs. Reed Ridenour and family, Mr. and Mrs. Joe Goldsboro and family, Mr. and Mrs. Jesse Ridenour and Esther, George and Guy and Faith Ridenour, Fairchance; Mr. and Mrs. J. W. Wiley, Jr., Connelville; Mr. and Mrs. Henry Stouffer, Mrs. J. D. Sibley, Mrs. Daniel Ridenour and Harry Wright, Scottdale.

#### Infant Dies.

An infant child of Mr. and Mrs. Roy Lowe of Wesley Chapel died at its home on Sunday morning and was buried in Wesley Chapel cemetery yesterday afternoon.

#### New Era Canvass.

A house-to-house canvass was made in Scottdale on Sunday in the interest of the New Era movement by the First Presbyterian church. The canvass was made by a committee composed of the session, the trustees and people chosen from the congregation to enlarge the committee. The canvass showed an increase of 50 per cent and the committee as well as the pastor, Rev. J. E. Hutchinson, were well pleased with the spirit and the liberality of the persons canvassed.

#### Classes for Women at "T."

Beginning April 7 and continuing until October 6 Scottdale and vicinity will again have ladies' day at the Y. M. C. A. Special classes will be formed for girls over 12 years old and there will likely be at least two large classes of girls and in the evening the ladies' class will be held.

#### George Uery Rotates.

Mrs. Jennie Uery received a telegram from her husband, George W. Uery, that he had arrived safe in New York and is now stationed at Camp Merritt, N. J.

#### Personal.

Mr. and Mrs. T. J. Wurtz and Miss Virginia Byrne spent Saturday in Pittsburgh with friends.

Mrs. Ross Kaip and son have returned to their home in Jones Mills home after a visit paid Scottdale friends.

Read The Daily Courier.

## FEW FOLKS HAVE GRAY HAIR NOW

**Druggist Says Ladies Are Using  
Recipe of Sage Tea and  
Sulphur.**

Hair that loses its color and lustre, or when it fades, turns gray, and it follows, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

#### DOES SAVING PAY?

**Here's What One Man Says  
About It.**

"For ten years after I was married," said a man well known in Connelville, "I didn't save a cent. We spent my wages foolishly as soon as earned. Our home was shabby. We never had money for new things. Then one day I saw a light and began putting 10 per cent of my pay as soon as I got it in a savings account with the First National Bank. Did it pay? Why, that was five years ago and today we have accumulated a nice sum and besides we have a better home, better clothes, better food and more healthy fun than we ever had before." Saving paid this man and it will pay YOU. Try it. Your account is welcome at the First National. Liberal interest.—Ad.

## Women Find Clear Skin In Simple Laxative

A sense of false modesty often prevents women from admitting that many of her ills and disorders are due primarily to constipation.

But women who know themselves have learned that headache remedies and beautifiers only cover the trouble but do not discharge it.

What is needed is a remedy to move the bowels and stir up the torpid liver. An ever-increasing number of sensible women take a small dose of a combination of simple laxative herbs with pepsin known as Dr. Caldwell's Syrup Pepsin and sold by druggists under that name.

It will save a woman from the habitual use of headache remedies, skin lotions and similar makeshifts. Once the bowels are emptied and regulated, the headache and the pimples and blotches disappear. It is the rational, natural method.

A bottle of Syrup Pepsin lasts a family a long time, and all will find use for it from time to time. Thoughtful people are never without it in the house.

The druggist will refund your money if it fails to do as promised.

#### PRICE AS ALWAYS

In spite of greatly increased laboratory costs due to the war, by sacrificing profits and absorbing war taxes we have maintained the price at which this family liver has been sold by druggists for the past 24 years. Two sizes—50c and \$1.00.

By Mail on the Same Terms, but include 6 Cents Additional for Postage.

### The Best Cough Syrup Is Home-made

Here's an easy way to cure it, and yet have the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? When you do, you will understand why thousands of families, the world over, feel that they could hardly keep home without it. It's simple and cheap, but the way it takes hold of a cough will quickly earn it a permanent place in your home. Into a pint bottle, pour 2½ ounces of Pinex; then add plain granulated sugar syrup to fill up the pint. Or, if desired, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, never spoils, and gives you a full, but better cough remedy than you could buy ready-made for three times its cost. It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosen a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma. Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments. Avoid disappointment by asking your druggist for "Pinex ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

### COAL PRODUCTION HOLDS TO NEAR THE SAME WEEKLY RATE

Tonnage for Week Ending March 8 Was 8,068,000, or One-Third Below that of Same Week of 1918.

The production of bituminous coal during the week ended March 8, is estimated by the United States Geological Survey at 8,068,000 net tons, and is approximately the same as the output of March 1, which was estimated at 8,066,000 net tons. The current week's output, however, falls 3,559,000 net tons, or approximately 33 per cent below the output during the week of March 5, 1918. The daily average per working day during the week of March 8, is estimated at 1,343,000 net tons, as against 1,815,000 net tons for the coal year to date, and 1,766,000 net tons for the same period of last year.

Total production for the period April 1, 1918 to March 8, 1919 is estimated at 552,579,000 net tons, and is 16,813,000 net tons, or approximately three per cent in excess of the output for the same portion of last year.

Anthracite production during the week ended March 8, is estimated at 989,000 net tons, as compared with 1,102,000 net tons during the week ended March 1, and 2,099,000 net tons during the same week of 1918. Production of anthracite from April 1 to March 8, is now estimated at 88,111,000 net tons, and is 5,160,000 net tons, or five per cent below the production for the same period of last year.

A CHANCE TO WORK AS THEY

HAD A CHANCE TO FIGHT.

The organization by the Red Cross

a bureau through which to secure

employment for returning service men

would, and no doubt will, receive the

cooperation of all em-

ployers.

There is an obligation resting upon

those who remained at home during

the war which was not fully dis-

charged by doing all that we could do

to support and encourage the boys at

the front, and those who were train-

ing to go. It is incumbent upon us

now to do in the same spirit of help-

fulness all that is possible to be done

to readjust the service men to places

in the industrial and business life of

the nation. They are not asking for

charity jobs, but they do ask for op-

portunities to engage in useful and

gainful pursuits. It is as much their

right to demand such opportunities as

it is the obligation of employers to

provide them.

We all remember how, when the

country was stirred with a patriotic

fever, the announcement was made

in many quarters by employers that

they would hold the places vacated

by their employees who were entering

the service, as well as being glad of

the chance to welcome them back upon

their return from the war. In some

instances it has been reported that

there has been an inclination to forget

these promises. They were made with

the best intentions and were doubtless

meant to be kept to the letter. It is

the enthusiasm of the hour it was not

considered that the ending of the war

would bring vastly different business

and industrial conditions so different

that there might be difficulty in mak-

ing good the pledge to re-employ the

men who were forsaking it to take

upon themselves the duties and ex-

posing themselves to the hazards of

soldiering.

These boys are coming back now

and after a brief rest from their stren-

uous training and service they are

anxious, and many of them in real

need, to secure remunerative employ-

ment. Unless we are to break faith

with the boys who risked their all for

such employment must be provided

and, if need be, at sacrifice on the

part of employers. We owe a debt to

these men which can never be fully re-

paid, but it can be paid in part by

giving them all they ask—a working

chance in the work-a-day world as

they only recently asked for a fighting

chance to help make the world a bet-

ter and safer place in which both they

and we can live.

the miscellaneous display of motion pictures on Sunday, which the backers of the bill before the Legislature seek to accomplish, is a different proposition and is influenced wholly by commercial considerations, hence the opposition.

## KIND OF A LEAGUE REAL DEMOCRATS WANT.

If the demand for a revision of the constitution of the League of Nations came from Republicans alone there would be basis for the claim that it was being made a political issue. But among the most outspoken and earnest advocates of an amendment, even to the extent of re-writing the instrument, are acknowledged leaders in the President's own party. Democratic newspapers in all sections of the country have urged that the counsel of these leaders be followed as the only wise and prudent course to be pursued. None have done the urging with more emphasis than the Manufacturers Record of Baltimore, the most influential publication in the South.

Expressing his views of the league as at present proposed, Editor Edmunds of the Record says:

Under the terms of the league, as now proposed, we would have to fight where it directed us, or we would break our pledged faith, cast our contract to the winds as a scrap of paper and then have to fight the whole league.

Are we prepared for such fearful possibilities? All the arguments in the world, all the glowing sentences of orators, cannot change these simple facts, so far as the proposed constitution of the League of Nations, now stands. Against this situation let the world punish the criminal nations which brought on this war to such an extent that henceforth for centuries to come no nation will enter upon a war, knowing the fate that overtook Germany and its allies. Punish with death the Hohenzollerns and their criminal conspirators; but aside every thought of leniency to the German people, who stood in the crimes of German soldiers; have no lenient sentimentality for such criminals, but punish these nations so drastically that, as great nations, if need be, they will be blotted out of existence. Then we shall have given the world for a thousand years an argument against war which will bring peace for the world beyond all of the theories advanced in favor of a League of Nations in the form now proposed.

The attitude of another Democratic newspaper on the league is no less interesting and informing as showing that the real Democrats want very much the same kind of a league as the real Republicans. The Washington Post, which throughout Wilson's incumbency of the presidential office has been regarded as one of the leading Administration organs, offers this contribution to the discussion:

The United States does not need to sign a document pledging it to go to the rescue of liberty. It has just saved Europe, and will do so again if liberty should be so imperiled as to endanger the New World. But America does not wish to abdicate its judgment and free will, or its method of perpetuating its own liberty. It is willing that the Old World should adopt this method, and it would cheerfully recognize an Old World Monroe doctrine declared by a league of nations of the eastern hemisphere. The United States would not undertake not to interfere in Old World affairs, but would declare a new doctrine, supplementary to the Monroe doctrine affecting this side of the world.

That would maintain world peace. It would keep America out of Europe and Europe out of America. It would give governments in the two hemispheres such towering strength that no enemy would dare to attack them. It would provide means where a nation of one hemisphere wronged by a nation in the other would find an authority to compel prompt and full redress. There could be no war between one hemisphere and the other, because free nations do not conspire to attack other free nations.

The Democratic partisan organs to the contrary notwithstanding the real Democrats and the real Republicans are in entire agreement on the necessity for making a real league.

One Man Given Hearing.  
One prisoner was given a hearing this morning by the Mayor. He was discharged.

## E. DUNN STORE IS THROGGLED FOR THE SPRING OPENING

Unusual Display of Merchandise  
Greeted Visitors to Pitts-  
burg Street House.

### WEATHER OF IDEAL KIND

Result is Firm Never Enjoyed a More  
Auspicious Style Show Than That of  
Monday; Everything Millady Could  
Desire Exhibited in a Lavish Array.

The E. Dunn store in North Pitts-  
burg street attracted one of the large-  
est crowds in its history yesterday, the  
occasion being the annual spring  
opening. The delightful spring weather  
brought out many seekers of fashion  
from Connelville and vicinity who  
were captivated by the magnificent  
display of merchandise, depicting  
the correct fashions for spring and  
summer. The large store was beau-  
tifully and appropriately decorated for  
the occasion, appointments in keeping  
with spring prevailing. Spring flowers  
in Dresden tins, and many handsome  
ferns were placed in every available  
space, forming a striking contrast with  
the rich display of silks and other  
fabrics in Victory red and the other  
vivid shades, which are so popular this  
season. The large display windows  
were in keeping with the interior of  
the store. In the center of each was  
a mound of spring flowers, while pe-  
tunias were used to form a border.

The ladies' ready-to-wear depart-  
ment on the second floor showed a  
wonderful variety of exclusive suits  
introducing the popular Russian  
blouse, the box and semi-box models,  
some with vests of tricot or natural  
silk, handsomely embroidered, belted  
effects and the strictly tailored  
models, which are extremely popular  
this season. These were shown in the  
new colors, which include henna,  
dust, navy and black. The fashionable  
fabrics are tricot, polka dot, serge  
and English suitings. The skirts are  
narrower and are very much longer.

Dresses of beautiful Georgette  
crepe, silk, tricot, serge, and wool  
jersey were shown in many delightful  
styles, while the display of skirts was  
unusually large. They were fashioned  
of plain and fancy fabrics in attrac-  
tive colors, plaid and plain silks and  
tricot.

Dainty blouses of Georgette crepe in  
blouse, victory red, overalls blue and  
henna, were shown in a great diversity  
of styles. Some have the pretty round  
neck and collar and were handsomely  
embroidered or beaded. Models of  
crepe de chine, voile and plaid silks  
were also shown.

Stunning coats, cape and dolmans  
of rich materials, fashioned in the late  
style models, featured by their  
straight and graceful lines, were  
shown in the popular colors of the  
season. Especially pretty are the new  
sport coats of velvet. Many of the dol-  
mans and capes are trimmed with tulle  
of silk braid.

The millinery department, also on  
the second floor, displayed beautiful  
creations in millinery, it being impos-  
sible to describe the beauty of the  
great variety of stunning hats on ex-  
hibition. Smartly tailored hats, large  
and small hats, charming poke hats,  
the smart Knox sailor and tricorn  
hat were shown. The popular trim-  
mings are georgette, ostrich, ex-  
quisite flowers, curled ostrich feathers  
and ribbon, while the fashionable braids  
are lattice, yedda, leghorn and milan.

Colors include black, navy, dust, purple  
and sand. Fancy sweaters in many  
pretty effects and striking colors were  
exhibited.

Especially attention has been given to  
the children's department on the first  
floor, the distinct of fashions in  
dresses, coats and other apparel for  
children of various ages being display-  
ed. The Dorothy Venn hat in many  
smart styles and colors was seen in  
the new colors of the season.

In the dress goods department were  
seen plain and printed, Georgette  
crepe, foulards, tulle, satin, crepe  
de chine, printed and plain cotton  
voile in charming colors. Popular  
trimmings, including cut steel and cut  
bead, gold and silver laces, were at-  
tractively displayed.

There was a beautiful showing of  
table linen, napkins, cushions, cur-  
tains, colored draperies and collies.

Display cases showed novelties in  
jewelry, gloves, handkerchiefs, purses,  
beautifol crepe and organza, shiny  
neckties of soft silk crepes, plain and  
fancy silk hosiery and other impor-  
tant accessories to millady's wardrobe.

Jackets and linoleum in the very  
newest designs were shown.

## RHEUMATISM LEAVES YOU FOREVER

Very Severe Uric Acid Deposits Are  
Dissolved and the Rheumatic Poison  
Starts to Leave the System Within  
Twenty-four Hours!

Every drugstore in this country is au-  
thorized to say to every rheumatic suf-  
ferer in this vicinity that if two bot-  
tles of Allenbur's, the sure conqueror of  
rheumatism, does not stop all agony,  
reduce swollen joints and do away  
with even the slightest twinges of rheu-  
matic pain, he will gladly return your  
money without comment.

Allenbur's has been tried and tested  
for years, and really marvelous re-  
sults have been accomplished in the  
most severe cases where the suffering  
and agony was intense and pitiable and  
where the patient was in despair.

Allenbur's relieves at once. Immedi-  
ately after you start to take it the  
good work begins to take the uric  
acid deposits, dissolves the secre-  
tions and drives rheumatic poison out  
of the body through the kidneys and  
bowels.

It's marvelous how quickly it acts.  
Blessed relief often comes in two days,  
and even in cases where the suffering  
is most painful all traces disappear in a  
few days. Connelville Drug Co. can  
supply you.—Adv.

## CUTICURA HEALS ITCHING PIMPLES

On Forehead and Chin.  
Large and Red.

"I was troubled with pimples  
breaking out on my forehead and  
chin. This disfigurement  
was annoying. The pim-  
ples were large and red.  
They would itch and cause  
loss of sleep.  
I saw an advertisement  
for Cuticura and sent for  
a sample. I purchased  
more, and after using a half a box  
of Cuticura Ointment with the Cuti-  
cure Soap I was healed." (Signed)  
Thomas B. Whitlock, 646 E. Cleme-  
ntine St., Philadelphia, Pa.

Cuticura For Daily Use

Cuticura Soap, Ointment and Tal-  
cum are all you need for every-day  
toilet and nursery purposes. Bathe  
with Cuticura Soap and hot water to  
cleanse the pores. If signs of red-  
ness, roughness or pimples are pres-  
ent, or if the scalp is itchy, touch gently  
with Cuticura Ointment before bath-  
ing or shampooing.

Search Each Store for It. Address Post-  
office, 2000, Pittsburg, Pa. Single bottles,  
50c. Soap 25c. Ointment 15c. and 10c. Talcum 25c.

Perryopolis.

PERRYOPOLIS, March 25.—Parks

who has been seriously ill with pneu-  
monia, is much improved.

Andrew Murawski of Star Junction,  
brother of Mrs. Andrew Kahan,  
has returned from France. He was a  
member of Company K.

Mrs. Dewey Kerr has returned to  
her home at Roscoe, after visiting her  
parents.

Miss Jane Wood spent Saturday  
with relatives at Connelville and  
Dunbar.

Mrs. Mollie Hixenbaugh, Miss Estel-  
lin Hixenbaugh and Mrs. Thomas Mar-  
tin were Connelville callers Friday.

Ray Lruch was a Vanderbilt caller  
Friday.

E. K. Chalfant, Mr. and Mrs. C. F.  
Chalfant and C. D. Chalfant motored to  
Hickory to visit relatives Sunday.

DAUGHTER ALWAYS TIRED

Mother Says Vinol Built Her Up and  
Completely Restored Her Health.

Long Island City, N. Y.—"My daughter  
is a milliner and she got into a  
rundown condition, pale and had no  
appetite. After other medicines failed  
to help her, Vinol gave her a good  
appetite, built her up and completely  
restored her health."—Mrs. H. Ott.

The reason Vinol was so successful  
in this case is because it contains beef  
and cod liver, peptones, iron and man-  
ganese peptonates and glycerophos-  
phates, the very elements needed to  
build up a weakened rundown system,  
and create strength.

Laughey Drug Co., Connelville,  
D. C. Eason, Dunbar, and Druggists  
everywhere.

P. S.—For Vinol's efficacy, Saxe,  
N. Y., guaranteed truly wonderful.—  
Adv.

The Attraction.

I have a friend in East Africa who  
writes from a remote village that he  
was much puzzled recently by the  
marked interest in himself shown by  
the natives. Says the Chapman in Pall  
Mail Gazette: "First the 'mystery' in a  
much-worn dress and a fancy red  
velvet (was outside the coat) ar-  
rived and walked round and round the  
Englishman at a spot where he was  
supposed to be the erection of a 'wire-  
less.' Later the native gentleman re-  
quested that in the afternoon he  
might bring his friends, which he did  
to the number of a dozen; and they,  
like the, proceeded to walk round the  
soldier, peering curiously into his face.  
In the evening they returned with  
food offerings. And the reason of this  
flattering attention turned out to be  
a gold tooth, which they imagined  
must have grown in my friend's mouth."

"Get-It" Peel  
Off This Corn."

...The Toe as Smooth as the  
Palm of Your Hand.

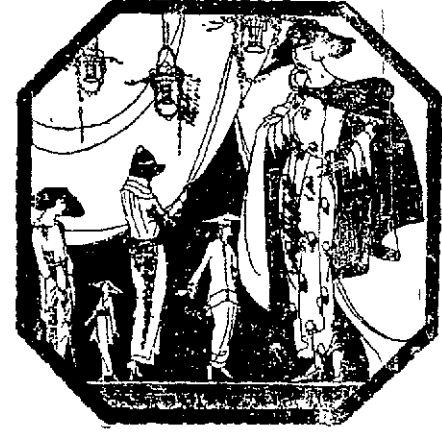

The corn never grew that "Get-It"  
will not get. It never irritates  
the flesh, never makes your toe sore.  
Just two drops of "Get-It" and  
 presto! the corn-pain vanishes.  
Shortly you can peel the corn right  
off.

It's Wonderful to See "Get-It" Peel Off Corns  
off with your finger and there you  
are—pain-free and happy, with the  
toe as smooth as the palm of your  
hand. "Get-It" is the only safe  
way in the world to treat a corn or  
callus. It's the sure way—the way  
that never fails. It is tried and true  
—cures millions every year—  
always works. "Get-It" makes cut-  
ting and digging at a corn and burn-  
ing with caustic, salicylic or any-  
thing else entirely unnecessary.  
It's the gentlest, money-  
backing-remover, the only sure way,  
costs but a trifle at any drug store.  
Write to E. Lawrence & Co., Chicago, Ill.

Sold in Connelville and recom-  
mended as the world's best corn remedy by  
A. A. Clarke, Connelville Drug Co.,  
Windsor Pharmacy, Collins Drug Co.,  
Laughey Drug Co. and O. Roy Hotel.

## Many Variations in Tunics

In afternoon frocks the tunic "goes without saying"—it is so universally liked and it is especially pretty in the popular combinations of two materials, as printed foulard with plain georgette, and satin or taffeta with georgette, plain or printed. The tunic is saved from becoming a monotonous detail, in frocks for all sorts of wear, by the endless ingenuity of designers. There is an inviting variety in them that keeps them interesting. They vary from short to long, and occasionally a tunic contrives to be both of these, as may be gathered from the frocks shown above.

At the left of the picture a satin dress with a plain underskirt has a tunic gathered at the sides and across the back. It is short on the left side and long at the right, with a row of buttons for ornament on the short side. The waist, with surplus front, is joined to the tunic and underskirt with a wide, crushed girde of satin and has a button at each side. For the sake of ornament two of these buttons are set on the flaring cuffs and a frill of pale blue silk is at the neck.

Taffeta and georgette are combined in the dress at the right, with underskirt and tunic of taffeta and bodice of georgette. The full tunic is extended into a long point at the front and has a narrow, floating panel at the left adorned with a row of buttons. The very wide, shaped girde of silk is an

## COLOR AS HEALTH AID

## Famous English Specialist Expounds New Theory.

## Claims Color Schemes in Decorating Will Make People Healthier and Happier.

London.—Kemp Prosser, the famous English color specialist, has been conducting some interesting experiments which he hopes the British government will adopt for decorating houses during the reconstruction period. His conclusions are that the adoption of his color schemes will make the British both healthier and happier.

Interviewed in his new "health room" one with walls of sunlight yellow and the ceiling sky blue, with blue net curtains at the windows, Mr. Prosser declared that his purpose is to bring outdoors inside.

"I am doing away with my pictures," he said. "Instead I am installing these bowls of fruit, as you see, on pedestals against the background of the sunlight walls. These color-saturated cushions on the chairs aid in carrying out my purpose. Ah their flower designs."

"Then the color specialist led the way to the other room, in which the dominating color was apple-blossom pink. "This is the normal color," said Mr. Prosser, "because I have found that ninety-nine people out of a hundred are happiest in rooms of this shade."

## CAT JUMPS ON KING'S BACK

Merrill, Who Did With Royalty.

Chicago.—A cat may not only look at a king but may even jump on his back and sink its claws into his shoulder. It is the king of Italy, in person, Capt. Charles E. Merrill, formerly in charge of American propaganda in Italy, told Italian editors who tendered him a dinner recently the story of the cat that jumped on King Victor Emmanuel.

"The king was gracious enough to invite me to dine with him and his suite at his headquarters near Padua," Captain Merrill said. "I had a long conversation with him before dinner concerning my work in Italy. He speaks excellent English and asked many questions."

Later, while we were dining, I was

## JOYFUL EATING

Unless your food is digested without the aftermath of painful acidity, the joy is taken out of both eating and living.

## KI-MOIDS

are wonderful in their help to the stomach troubled with over-acidity. Pleasant to take—relief prompt and definite.

MADE BY SCOTT & BOWNE, MARKERS OF SCOTT'S EMULSION

interesting detail in this frock, for with straps or suspenders of taffeta at each side that join it a skeleton bodice is formed. The bands used for decoration cross these bands, forming squares that are filled in with smaller squares of beads. The buttons on the panel are extended to the bodice by placing three of them at the opening of the girde.

*Julia Bonnelly*

## For the Young Girl.

For the young girl the dance frock that is entirely sleeveless and extremely low in the neck is always in questionable taste. Unfortunately not all style designers agree with this ruling and dance frocks for girls as young as 12 are shown made entirely sleeveless, a mere strap of ribbon over the shoulder holding the wide girde that passes muster as a bodice. The dainty sheer dress that is just a trifle low in the neck and with elbow sleeves may be used for afternoon or evening. Inasmuch as the social life of a girl is not supposed to really begin until she is out of school, such a frock will be found much more useful than one of the extreme evening type, disregarding the question of modesty and good taste entirely.

sitting at his right, a large Maltese cat—the royal cat—with a beautiful coat of fur, suddenly leaped up on my lap. I quickly and gently held him off my knee. To my surprise he leaped up on the king's back.

"The king uttered an exclamation. I set the cat and pulled him off, although he hung on for dear life. The king laughed heartily. I said:

"Your Majesty, this means either very good or very bad luck for our common cause."

"It is very good luck for me," replied the king.

## "DIP" GETS \$7,000 IN TUBE

Morris Blomster, Lones Saver of Seven Years in Subway in New York.

New York.—While riding in the fourth avenue subway on his way up town to Manhattan, or in an elevated train of the Seventh Avenue line, to which he changed at Canal street, the pocket of Morris Blomster was picked of \$7,000.

Blomster came on a Sea Beach train from Brooklyn. He had in his trousers pocket four \$1,000 bills and thirty \$100 bills, with which he intended to buy two motor trucks with which to start a business. He had been saving the money for seven years.

When he left the train he felt his pocket and discovered the money was gone.

## Beautiful Message.

John Ruskin wrote, after the Ordean war, a beautiful passage, which may be a profoundly comforting message to the bereaved:

"I ask their witness to whom the war has changed the aspect of the earth, and imagery of heaven, whose hopes it has cast off like a spider's web, whose treasure it has placed, in a moment, under the seals of clay. Those who can never more see sunrise, nor watch the climbing light glid the eastern clouds without thinking what graves it has gilded, first, far down behind the dark earth—the who never more shall see the crocus bloom in spring, without thinking what dust it is that feeds the wild flowers. Ask their witness, and see if they will not reply that it is well with them and with theirs; that they would have it no otherwise; would not, if they might, receive back their gifts of love and life, not take again the purple of their blood out of the cross on the breastplate of England."

## Helpful.

Scenario Writer.—I'm trying to discover a locale for a motion picture which has never been used before. Can you suggest anything?

## CONSTRUCTION OF BY-PRODUCT PLANT AT FAIRMONT RESUMED

After Delay Due to Government's Withdrawal from the Enterprise; Will Mix Gas With Natural Product.

Construction work on the plant of the Fairmont By-Products Corporation at Fairmont, W. Va., discontinued shortly after the signing of the armistice, has been resumed.

The corporation was organized about a year ago with an authorized capital of \$5,000,000, for the manufacture of coke, benzol, tar, sulphate of ammonia and other products. Government aid was given the project because of its need of explosive materials. When the war virtually came to an end the government withdrew. Operations were suspended in order to determine the cost of construction up to the time of signing the armistice before the corporation could itself proceed with completion of the plant. Accountants having finished their task construction of the first battery of 65 ovens will now be pushed.

The completed plant will consist of 110 ovens having a capacity of 11.7 tons each. The plant will consume 2,000 tons of coal daily in the production of 1,400 tons of coke. The coal will be transported from mines owned

by the corporation, already developed, and located about five miles distant. The novel feature of the plant will be that the gas produced in the manufacture of the coke will be mixed with natural gas and used for domestic and industrial purposes. This is the first plant of this kind to be built in West Virginia. When construction was commenced last summer it was estimated that it would be ready for operation within 14 months. The interruption due to the withdrawal of government support will necessarily add to the time required to complete the installation.

**Change Village Name.**  
San Francisco.—German town, a prosperous community in Glenn county, has gone the way of Sauerkraut, hamburger and pretzels. Hereafter, the Southern Pacific announced, the name of the station will be Artois, which carries more of an allied flavor. Recently the Southern Pacific rechristened a small station on its lines in southern California. As Berlin it was an anomaly. Now, at Pershing, it looks forward to civic greatness.

## Fordson Tractor Demonstration

On Wednesday, March 26th, a demonstration will be held on the Evans farm, right at the Park cemetery, at Uniontown, Pa. Right along the car line. Five cent fare from Uniontown.

Instead of talking about the Fordson tractor we prefer to show you what it will do. Whether you intend to buy a tractor or not we want you to attend this demonstration. Every progressive farmer ought to see it.

To see the Fordson in operation will be more convincing than hours of talk. We are going to show you how fast it will plow, how well it will plow, what the average fuel consumption will be, how well it will handle two 14 inch bottoms, how well it performs on hillsides. In fact we are going to give the Fordson a harder series of tests than 99 out of 100 users will ever give.

BE SURE AND SEE THIS DEMONSTRATION

## LOW WEAK, NERVOUS WOMEN QUICKLY GAIN VIGOROUS HEALTH AND STRONG NERVIS 7 A DAY FOR 7 DAYS

A Vigorous, Healthy Body, Sparkling Eyes and Health-Colored Cheeks Come in Two Weeks, Says Discoverer of Bio-feren.

World's Grandest Health Builder Costs Nothing Unless It Gives to Women the Buoyant Health They Long For.

It is safe to say that right here in this big city are tens of thousands of weak, nervous, run-down, depressed women who in two weeks' time could make themselves so healthy, so attractive and so keen-minded that they would compel the admiration of all their friends.

The vital health building elements that these dependent women lack are all plentifully applied in Bio-feren.

If you are ambitious, crave successful life, want to have a healthy, vigorous body, clear skin and eyes that show it, dullness, make up your mind to get a package of Bio-feren right away.

It costs but little and you can get a original package at any drugist anywhere.

Take two tablets after each meal of one at bedtime—even a day for seven days—then one after meals till all is gone. Then if you don't feel twice as good, look twice as attractive and feel twice as strong as before you started you money is waiting for you. It belongs to you, for the discoverer of Bio-feren doesn't want one penny of it unless fulfills all claims.

Note to Physicians: There is a secret about the formula of Bio-feren it is printed on every package. Here it is: Lactidin; Calcium Glycero-phosphate; Iron Peptonate; Manganese Per-tonate; Ext. Nux Vomica; Fowd. Bor-tan; Phenolphthalein; Oleoresin Cag-ticum; Kolo.

## MATHEWSON RETURNS TO UNITED STATES

Was Stationed at American General Headquarters.

Expresses Belief That Few Big Games Played in France Would Return in Time to Take Part in the Opening Games.

Capt. Christopher Mathewson, former manager of the Cincinnati National League baseball club, has returned from France. He was connected with the United States chemical warfare service and for a long time was stationed at American general headquarters in Chaumont, France.

"We are sorry we could not get into action," declared Mathewson, "but that was the fortune of war."

He expressed the belief that few big-league players in the army in France would return in time to take part in the opening games.

Baseball was not very popular among the French, he explained, because they considered it too brutal. "We could not get any Frenchman to be catcher," he added, "because they were all afraid they would be hit with the ball." He told of two Americans who blocked traffic on a street in a small French town by playing catch.

Capt. Christy Mathewson.

because the French were afraid to pass behind the man with the catcher's glove.

Shortly before the armistice was signed he was assigned to the Twenty-eighth division stationed near Toul, France. His colleagues in the gun school at Chaumont included Capt. T. R. Cobb, Maj. P. D. Haughton and Maj. Branch Bickley.

## TOM QUINLAN'S DAYS ENDED

Columbus Outfitter, Lenses Throwing Arm and Left Eye by Explosion of German Shell.

Tom Quinlan's baseball days are over. The Columbus outfitter and former White Sox will never be seen on the American association circuit again. His left arm is gone, torn off by a German high-explosive shell. And Tom is a left-hander.

The shell that got Quinlan not only took off his throwing arm but it put out his left eye and inflicted minor wounds of the head and face. Tom's break in the luck was particularly bad, for it all happened only forty hours before the armistice was signed. Tom is taking his misfortunes gamely. "I'll be all right before long," he said. "An artificial arm will have to take the place of the old south paw, and I'll have a glass eye. I'll never play baseball again, of course, but I can eat right-handed, anyway."

"Our regiment, the Twenty-eighth infantry, was on the Argonne front, and we had some pretty tough work cut out for us. There isn't much to tell about how I was wounded. A German shell just dropped near me, and you can see the result. The doctors and nurses took good care of me, and the Red Cross is keeping me supplied with everything I want. 'No you can tell the folks at home they needn't worry about me.'"

Those who know Quinlan in the hospital admire his spirit. A wounded Mississippi private in the same ward summed it up this way: "That guy is game."

## OPEN ARENA FOR BIG FIGHT

Promoter Tex Rickard Plans to Build Structure Costing \$50,000 to Accommodate Crowd.

To stage the proposed heavyweight championship boxing bout between Jess Willard and Jack Dempsey, Promoter Tex Rickard plans to build an open arena, which will cost at least \$50,000. It will contain seating accommodations for 50,000 people. The promoter expects the contest to bring at least \$200,000 into the box office. The price of tickets will be from \$10 to \$50.

## DISTINGUISHED WAR RECORD

Captain of Yale Hockey Team Was Gaily American Aid in Naval Aviation During War.

David Ingalls, the newly-elected captain of the Yale hockey team, has a distinguished war record. He was the only American aid in naval aviation during the war, and he credited with many victories in combat with German aircraft. He was captain of the football hockey team which in 1917 went through the season without a defeat.

Cochran Loses Castle. Walter Cochran doesn't appear to be such a formidable foe for Willie Hopps since he was beaten by young Jack Schaefer.

## Rat Perils Flyer; High Altitude Kills Rodent

London.—Rats can't live in high altitudes.

Interesting as indicating a difficulty if not a danger in long distance flying which will have to be guarded against, is the story of an adventurous rat, told on their arrival at Karachi by Maj. Gen. Salmond and his party, who are flying from Cairo to Australia by way of Persia and India.

The rat, attracted by the food supplies, is believed to have boarded an airplane at Chabar, a previous stopping place, or earlier. At all events, it was heard gnawing after leaving Chabar, and at Karachi the guard which protected the machine during the night heard the rat continuing its nibbling. The rat, however, could not be located or caught. After leaving Karachi its activities went on, and as it was thought it might be gnawing some important part of the machine, it was decided to see if cold would have any effect on its activities.

The machine was accordingly taken to over 10,000 feet, and this was too much for a rat nurtured in the balmy warmth of the Persian gulf, and frozen or numbed with cold, it could apparently hold on no longer, and dropped off into space.

## CHAPLAIN SPEAKS

First of Series of Talks on 28th Division Given at Greensburg.

GREENSBURG, March 25.—Rev. Charles Schall, pastor of the First Presbyterian congregation of Greensburg, and corps chaplain of the 28th division, American Expeditionary Forces, preached to his congregation Sunday morning for the first time in more than a year. Chaplain Schall had not before preached in the great auditorium of the new church, and he probably never before had in his audience more personal friends and admirers.

The church was filled to its capacity, and the soldier-minister never appeared to a better advantage. He wore the uniform of an army chaplain. His hair, as white as slackened lime, was in striking contrast with his bronzed face, and he glowed with satisfaction at being again with his own people.

During Chaplain Schall's first address he carried his congregation to the sending of the 10th infantry into the trenches, where he will take up the narration next Sunday evening.

## STRANGEST OF SHIP FREAKS

British Inventor Must at Least Be Credited With the Possession of Much Imagination.

Since that memorable day long ago when our rude forefathers first ventured about in their dugout canoes many very curious ships have been built. Perhaps the most extraordinary of all these freaks was the steamer Connector, which was launched in British waters in 1863.

The Connector was built in three sections, each of which was, so to speak, a ship of itself. The bow or forward section, which was fitted up in the usual way, was joined to the midship section by means of a huge bolt in such a manner that, as the ship pitched, it could rise or fall quite independently of the other two sections. Thus, as the ship met the waves a kind of wriggle ran along the hull. First the bow section rose, then the midship section followed suit, and finally the stern section wriggled upward.

The craft passed safely through some very severe trials, and even ventured out in heavy weather. The idea was to build up ships in sections like trains, so that any particular section could be dropped at the various ports of call.

## BARRY WILL DEFEND TITLE

World's Professional Single Sculling Champion to Row Against Paddon of Australia.

Ernest Barry, the world's professional single sculling champion, will defend his title next summer against Dick Paddon, the Australian sculler. Barry is still suffering from the effects of wounds received while serving with the English army in France. The English sculler has already defeated Paddon over the Thames championship course. Barry won the title from Dick Arnot of New Zealand some few years ago.

## DOING HIS DUTY

"For two years I suffered agonizing pains in my stomach, belching up sour and bitter fluids and gas. Tongue always coated. Doctors were unable to help me. The first dose of May's Wonderful Remedy made me feel 100 per cent better, and I am now feeling better than at any time in my life. I deem it my duty to advise other sufferers." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. A. A. Clarke, druggists everywhere.—Adv.

## HUN NAVY CRAVEN JELICOE SHOWS

British Officer Surprised by Caution of Foe During First of War.

### GRAND FLEET IN DANGER

Short of Cruisers, Destroyers and Had Defenses Based in Early Months of Conflict—Describes Big Battle of Jutland.

London.—The dangers to which the British grand fleet, short of cruisers, destroyers and with defenseless bases, was exposed during the first two and one-half years of the war, owing to the German use of submarines, mines and torpedoes, is described in a book written by Admiral Viscount Jellicoe, former commander of the fleet, covering the activities of 1914-18.

Admiral Jellicoe points out that the German high seas fleet possessed 88 destroyers, compared with 42 for the grand fleet, and reveals that, owing to the submarine menace, the grand fleet, in the fall of 1914, moved from Lough Swilly and only returned to the North sea when the anchorage in Scapa Flow became reasonably safe.

Neither in October, 1914, nor in May, 1916, Admiral Jellicoe says, did the British margin of superiority justify him in disregarding the enemy's torpedo fleet. The situation gradually improved after 1916, especially as the light cruiser and destroyer forces with the grand fleet increased steadily after the battle of Jutland, considerably reducing the danger of successful torpedo attack, while the inclusion of class K submarines made it probable that the enemy would suffer more severely from submarine attack than the British.

Tables Are Turned. Regarding 1918, Admiral Jellicoe says: "The position was assured and we could have afforded to take risks which in 1916 would have been unwise. If the German fleet had come out to battle, a terrible punishment awaited them."

One-third of the admiral's book is devoted to the battle of Jutland. In summing up the lessons of the battle, Admiral Jellicoe dwells upon "the danger involved in leaving too much to chance in fleet action, because our fleet was the one and only factor vital to the existence of the empire, and, indeed, to the allied cause."

"We had no reserve outside the battle fleet which could in any way replace it in the event of disaster or even should its margin of superiority be eliminated," the admiral continues. Admiral Jellicoe says he knew that his ships were inadequately protected with armor compared to the German vessels of the battle cruiser type, while the German fleet in the battle of Jutland was far better off in the number of destroyers. In addition, the Germans possessed "a most efficient armor-piercing shell."

Describes Big Battle. The admiral continues: "When the battle fleets approached there was a difference of reckoning between the British battle fleet and the battle cruiser squadrons, due to the cruisers having been engaged for several hours and having repeatedly altered their course. Hence, instead of being encountered right ahead, the enemy appeared on the starboard bow."

Instant action was necessary, the admiral says, and he decided to deploy on the port wing division, thus compelling the Germans to turn off to starboard to avoid being crossed. This maneuver, which has been described as masterly by reviewers, threw the enemy into complete confusion. The German commander in chief realized that his only hope lay in escape, profiting by his superiority in torpedo craft, low visibility, the approach of darkness and the proximity of his bases and mine fields.

The enemy at this period fired hundreds of torpedoes, as German officers have since granted. Admiral Jellicoe confesses, and although the Germans were in the gravest peril, the position of the grand fleet itself was menaced by determined torpedo attacks in thick weather. But the British fleet by turning its battle line four times during the action, the admiral says, got clear of the torpedoes, which were racing toward the British ships, and defeated the tactics upon which the Germans based their hopes.

After estimating the relative strength of the two fleets early in the war, Admiral Jellicoe expresses surprise that the Germans were so cautious and says: "If this country in the future decided to rely for safety against raids or invasion on the fleet alone, it is essential that we possess a considerably greater margin of superiority over a possible enemy in all classes of vessels than we did in August, 1914."

Peruvian Intoxicant. Pepper berries are the basis of an ancient and still cherished beverage in Peru, which is popularly known as chicha de muelle. If you will examine a pepper berry in the first plump stage of its maturity, you will find that the bitter resinousness is overlaid with a coating of sugary sweetness—natural instance of sugar-coated pill—and it is at that stage that the berries are gathered for chicha manufacture. There is a certain quality about this brew, aside from its cheapness, that is of particular appeal to the Peruvian taste; but it is by no means a temperance drink. Indeed, its consumption in some parts of Peru has gotten to be something of the same sort of vice that pelique drinking has become in the valley of Mexico.

Versatility Demanded. "You'll admit that it requires great ability to rise high in politics."

"Yes," replied Senator Borah; "only the kind of ability that enables a man to land a job isn't always the kind of ability that enables him to follow in it."

# Indigestion, Gas and Bloat From Acid-Stomach

An acid-stomach cannot digest food properly. Instead, the food sours and ferments and, passing into the intestines, becomes a breeding place for countless millions of deadly germs—toxic poisons they are called. These poisons are absorbed into the system and cause untold misery. So, you see, it is just acid-stomach, nothing else—that makes so many people weak, listless and unfit; saps their strength and energy; robs them of their vigor and vitality. Biliousness, bad liver, nervousness, blinding, splitting headaches, rheumatism, lumbago, sciatica—these and many other still more serious ailments often are traced to this common source—an acid-stomach. Take EATONIC and get rid quickly of the pains of indigestion, heartburn, that horrible, lumpy, bloated feeling after eating; eructing, belching, food-repeating; sour, gassy stomach. These stomach miseries are caused by what doctors call "Hyperacidity." It's just ACID-STOMACH. And in addition to the pains and miseries it causes, ACID-STOMACH is the starter of a long train of ailments that most people never dreamed are in any way connected with the stomach.

Pleasant tasting EATONIC TABLETS that you can take like a bit of candy, quickly put an end to your stomach troubles. They act as an absorbent—literally wipe up the excess harmful acid and make the stomach pure, sweet and strong. Help digestion so that you get all the power and energy from your food. You cannot be well without it.

If you are one of those who have "tried everything" but in spite of it still suffer all kinds of acid-stomach miseries—if you lack physical and mental strength and vigor—begin at once to take EATONIC. Get back your physical and mental punch and enjoy the good things of life. Like thousands of others you will say you never dreamed that such amazingly quick relief and such a remarkable improvement in your general health was possible.

Your druggist has EATONIC. We authorize him to guarantee it to give you instant relief or refund your money. Get a big box of EATONIC today, it costs but little and the results are wonderful!

**THE MOST INTERESTING FURNITURE STORE IN PITTSBURG**

**The Dauler-Close Furniture Company**

exercises such critical care in all its selections that you feel you can depend on any article purchased there.

And yet, with all this distinctiveness, there is not a high-priced store. The most modest home can be furnished from our stocks just as economically as from the most commercial store.

**COMPARISON IS THE TEST OF FURNITURE VALUES**

**COMPARE BEFORE BUYING**

Whether it be Special Sale or Regular Prices, our offerings will really be a revelation to you, for you find by comparison that you can not only save money here, but that you will get a degree of helpful, resultful service such as is not available elsewhere.

**THE DAULER-CLOSE FURNITURE CO.**

**636-SMITHFIELD ST.—638**

Headquarters for CHENEY PHONOGRAPHS.

**IF YOUR EARS RING WITH HEAD NOISES.**

If you have roaring, buzzing noises in your ears, are getting hard of hearing and fear Catarrhal Deafness, go to your druggist and get 1 ounce of Earmuff (double strength), and add to it 1 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucous stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrhal trouble of the ears, is hard of hearing or has head noises should give this prescription a trial.

**ESTON RUSH O. K.**

Member of 319th Infantry Says He Finds No Fault With Army Life.

"I just got through reading The Courier which certainly is appreciated among the boys of the 319th Infantry," says Corporal Eston Rush, Company I, of that command in a letter to The Courier. "We will be home some time in May. We don't have it as nice as at home but what can a fellow do, and take it from me they certainly are doing all they can to make it nice for the boys until they get the orders to sail for home."

"In reading the paper I saw where a young doughboy had no shoes. There must be something wrong with his supply sergeant as I don't think anyone goes without shoes and we have plenty to eat. I belong to Company I, 319th, and today for dinner we had roast beef and gravy, browned spuds, onion salad, bread and butter. What more does a soldier want? It isn't likely Billy Bishop can put out and when we get back Billy will have to increase his business."

"I just came back from the 319th regiment show. It was a great success and that is the stuff for the troops of this village. It costs are \$1.50 per dozen why does a wife that makes only \$30 a month buy them? I think he made a little mistake in the price. After November 11, the big day, the 319th, along with Company I, started on a 14-day hike this was a tough one but that all goes with a doughboy. He should no, for his heart go down with the sun."

Read The Daily Courier.

## At the Theatres

### THE PARAMOUNT.

"SILENT STRENGTH"—A five-part Vitaphone feature starring Harry Morey in a dual role is being presented today. He is a dreamer and worshiper of the majesty of the North Woods and he is the shrewd and crooked schemer of the great city. They are cousins and between them is the girl who loves the personality of the woodman but who is won by the wiles of the schemer. The two men are exact physical duplicates and therein lies the fascinating mystery of the drama, for the cousin of the north is made to suffer for the sins of his city cousin and suffers willingly for the sake of the girl until the sins of Crozier find him out. The story is swift moving, is provided with many beautiful mountain scenes. Betty Byrle has the role of the girl and others in the supporting cast are Robert Gaillard, Bernard Siegel, Herbert Pattee and James Costello. A select comedy is also being shown. Thursday Kitty Gordon will be seen in "The Unwilling Hand," and on Friday and Saturday Mac Marsh, the beautiful screen star, will be presented in "The Racing Strain."

### "TIZ" EASES TIRED, SORE, SWOLLEN FEET

Instant Relief for Aching, Puffed-up, Calloused Feet and Corns.

Why go limping around with aching, puffed-up feet—feet so tired, chafed, sore and swollen you can hardly get your shoes on or off? Why don't you get a 25-cent box of "Tiz" from the drug store now and gladden your tortured feet?

"Tiz" makes your feet glow with comfort; takes down swellings and draws the soreness and misery right out of feet that chafe, smart and burn. "Tiz" instantly stops pain in corns, callouses and bunions. "Tiz" is glorious for tired, aching, sore feet. No more shoe tightness—no more foot torture.—Ad.

## And Hundreds of other Bargains too Numerous to Mention

Please take notice and read carefully. We are giving you the above astonishing bargains for two different reasons.  
First—We must vacate one of our store rooms not later than April 1st, as the American Railways Express Company will occupy it after that date.  
We are moving our Furniture Department to the Second Floor, over the entire building, where we have a large room, 40x100 fitted up.  
Second—We have heavy obligations to meet and we must raise the cash regardless of our great loss.  
So do your buying now, when \$100 will buy the value of \$200. And be sure you are in the right store at 303 N. Pittsburg street, second store from corner Peach street.  
Don't be fooled by our imitators and competitors who don't have the nerve to give you such Real Bargains as we advertise, but will do everything else to imitate us.  
Watch for our Big sign above our door.

### PATRIOTIC LEAGUE TO MEET

Session Called for Friday Evening at  
the Borough Building to Discuss  
Plans; Aged Hooker Man Dies; Mrs.  
Peterson, Heals, Called by Death.

Special to The Courier.  
MOUNT PLEASANT, March 25.—  
Burgess S. P. Stevens has, as the first  
step towards arranging a home-coming  
for the boys from this vicinity who  
served in the war, asked the Patriotic  
League to take charge of a celebration  
of some kind. It is the intention of  
the burgess that something fitting  
shall be had for the boys. In turn the  
Patriotic League has called a meeting  
for the borough building Friday evening  
at 7:30 o'clock. At this time a  
large turnout is expected, as plans  
will be laid for some sort of celebra-  
tion in honor of the home-coming.

John J. Ryan, aged 75 years, is dead  
at his home near Hunder. Funeral  
services will be held at the home at 1  
o'clock this afternoon and interment  
followed in the Zion cemetery near Al-  
verton.

Mrs. Mary E. Peterson, aged 72  
years, is dead at her home near Hecla.  
Funeral services will be held at the  
home tomorrow morning at 10:30  
o'clock and interment will follow in  
the Middle Lutheran cemetery.

Officers Installed.  
Extra Encampment, I. O. O. F., held  
installation of officers last evening.  
The following officers were installed:  
Chief patriarch, Arthur G. Goshart;  
senior warden, J. C. Criss; junior war-  
den, Archie McPhail. The installing  
officer was H. H. Walters, district  
deputy, of Greensburg. Following the  
meeting refreshments were served.

Daylight Saving Losses.  
A very pleasing and effective liter-  
ary program was rendered by the  
first section of the Elizabetan Literary  
society under the personal super-  
vision of Misses LeFevre and Tothers at  
the high school building. Stewart  
Dillon had charge of the program, as-  
sisted by Mae Long, the secretary.  
George Cooper had charge of the  
floral decorations and after the regu-  
lar routine of business the following  
program was rendered: Declaration,  
Alexander Copeland; recitation, Mil-  
lender Farmer; vocal solo, Sara Jack-  
son; reading, Elizabeth Daniels; vi-  
olin solo, Opal Long; society paper,  
Morris Levine; piano solo, Gertrude  
Condon; debate, "Resolved, That the  
Daylight Saving System is More Ben-  
eficial Than Detrimental," affirmative,  
Lawrence Condon, negative, Smith  
Irvin; judges, Marguerite Harmon,  
Harry Ramsay and Benjamin Levine.  
The judges finally decided in favor of  
the negative. George Cooper gave the  
critic's report. The concluding num-  
ber was a duet by Sarah Jackson and  
Opal Long.

Spring News.  
We have been fortunate in securing  
from some of the country's best and  
biggest makers a complete line of  
samples, all brand new desirable  
spring merchandise, offering the very  
best the season has produced at a sav-  
ing of \$10 to \$15 on each garment.  
There are spring sample sale oppor-  
tunities that have never been attained  
before so early in the season. Come  
in, perhaps you have your size in an  
exclusive model that no one else will  
be able to get. Over 100 garments in  
the lot. Capes, Dolmans, suits, coats  
and newest dresses. Bendiner's Broad-  
way Ladies' Store.—Adv.

Personal.  
Lieutenant James A. Cowan, who  
has returned from France has arrived  
at his home here.  
Mr. and Mrs. A. E. Walker spent  
yesterday in Pittsburgh.  
John Irvin of Rochester spent Sun-  
day with Fred Irvin of this place.

IT'S WEAR LIKE THIS  
THAT CUTS YOUR  
SHOE EXPENSE

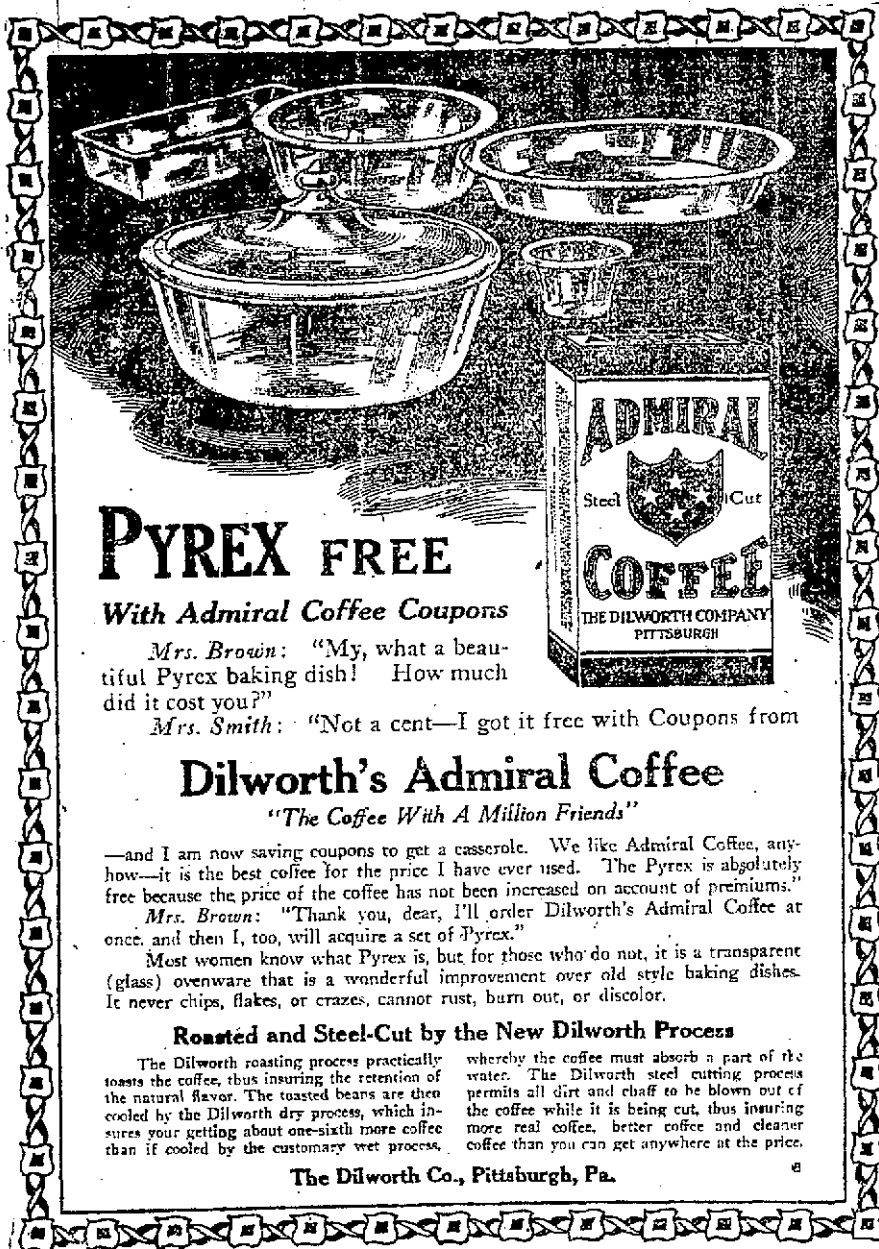

Stepping on small pieces of hot  
metal, walking on sharp chips of steel,  
standing in hot sand—these, and other  
harsh conditions of walking surfaces,  
in a steel plant, have no apparent ef-  
fect on Neolin Soles. So says R. J.  
Doty, plant superintendent of the  
Snyder Steel Casting Company, Mil-  
waukee, Wisconsin.  
"The best oak tanned leather soles  
last about three weeks under the abuse  
given them in the foundry, while I  
have been wearing a pair of Neolin  
Soles for more than three months. As  
to all appearances, they are as stout  
as when first put on my shoes," says  
Mr. Doty.

Only Neolin Soles can resist wear  
and abuse like this. They are created  
by Science to be very tough and dur-  
able—flexible and waterproof, too.  
To reduce your own shoe expense, and  
to cut the family shoe bill, buy Neolin-  
treated shoes. You can get them in  
many styles for men, women, and  
children.

And have your worn shoes re-bot-  
tomed with Neolin Soles. These long-  
wearing soles are manufactured by The  
Goodyear Tire & Rubber Co., Akron,  
Ohio, who also make Wingfoot Heels—  
guaranteed to outlast all other heels.

**PYREX FREE**  
With Admiral Coffee Coupons

Mrs. Brown: "My, what a beau-  
tiful Pyrex baking dish! How much  
did it cost you?"

Mrs. Smith: "Not a cent—I got it free with Coupons from  
**Dilworth's Admiral Coffee**  
"The Coffee With A Million Friends"

—and I am now saving coupons to get a casserole. We like Admiral Coffee, any-  
how—it is the best coffee for the price I have ever used. The Pyrex is absolutely  
free because the price of the coffee has not been increased on account of premiums."  
Mrs. Brown: "Thank you, dear, I'll order Dilworth's Admiral Coffee at  
once, and then I, too, will acquire a set of Pyrex."

Most women know what Pyrex is, but for those who do not, it is a transparent  
(glass) ovenware that is a wonderful improvement over old style baking dishes.  
It never chips, flakes, or crazes, cannot rust, burn out, or discolor.

**Roasted and Steel-Cut by the New Dilworth Process**  
The Dilworth roasting process practically  
toasts the coffee, thus insuring the retention  
of the natural flavor. The roasted beans are then  
cooled by the Dilworth dry process, which in-  
sures your getting about one-sixth more coffee  
than if cooled by the customary wet process.

whereby the coffee must absorb a part of the  
water. The Dilworth steel cutting process  
permits all dirt and chaff to be blown out of  
the coffee while it is being cut, thus insuring  
more real coffee, better coffee and cheaper  
coffee than you can get anywhere at the price.

The Dilworth Co., Pittsburgh, Pa.

### MEDICINE CHEST FOR ONLY 30 CENTS

With It You Can Instantly Relieve  
Pain Caused by Burns, Scalds,  
Cuts and Bruises.

A jar of San Cura Ointment costs  
but 25 cents and if it doesn't do every-  
thing this newspaper article says it  
will do the Laughray Drug Co., Con-  
nellsville, or the Broadway Drug Co.,  
Scottdale, will give you your money  
back.

It relieves bleeding, itching and pro-  
truding piles, it helps chronic, running  
and fever sores, no matter how stub-  
born or hopeless. It is an antiseptic  
ointment that begins to heal the ul-  
cer as it is applied.

It's one of the finest remedies ever  
compounded for boils, carbuncles, ul-  
cers, eczema, salt rheum, tetter, chil-  
blains, chapped hands or face. Price,  
25c, 50c and \$1.25 a jar. For the baby,  
for rough, tender skin and to quickly  
acquire a fine complexion, use San  
Cura Soap (25 cents). Thompson  
Medical Co., Pittssville, Pa.—Adv.

### BUYERS OF FINISHED STEEL HOLDING OFF FOR LOWER PRICES

Anticipate Such Development at the  
Meeting Now on in Washington;  
Government Orders Awaited.

Special to The Weekly Courier.  
NEW YORK, March 19.—The American  
Metal Market and Daily Iron &  
Steel Report will review the steel and  
iron trades tomorrow as follows:

There has been very little buying of  
finished steel products in the past  
week, while specifications against con-  
tracts have decreased. Buyers have  
been holding off as far as possible, in  
expectation that lower prices would  
be developed in the near future, pos-  
sibly this week, as a result of the  
agreement between the industrial  
board of the Department of Commerce  
and the iron and steel producers, to  
the effect that prices would be reduced  
to stimulate activity. The proposed  
revision contemplates not merely the  
establishment of a lower range of  
prices but also the placing of orders  
of considerable volume under govern-  
ment auspices, these orders being in-  
tended to furnish assurance to the  
public that the new prices are genuine  
and are expected to hold. Thus the  
government orders will be advantage-  
ous in themselves, and also advan-  
tageous in the sentimental influence  
they will exert upon trade generally.

Costs in the iron and steel industry  
remain very high, and would not per-  
mit anything like the price deflation  
that has occurred in copper, which  
has lately been selling at a few per-  
cent below the ten-year pre-war quo-  
tational average. A corresponding re-  
turn in the case of steel products or  
pig iron would mean sales at an actual  
loss, but there is room for a large de-  
cline in steel, though not in pig iron,  
still leaving prices above the pre-war  
average sufficient to cover the in-  
creased wage rates now being paid.

Steel production has been decreas-  
ing somewhat rapidly since the begin-  
ning of the month. In a number of  
cases mill departments have suddenly  
closed after filling practically their  
last order. One sheet mill closed last  
Thursday leaving one order for 20  
tons on its books. Sheet demand,  
which was relatively heavy for many  
weeks, has undergone a great de-  
crease, and there has also been some  
decrease in demand for tin plate. Oil  
country goods remain in excellent de-  
mand.

## SOISSON THEATRE

Tast Two Performances Today

Ladies' Daily Bargain Matinees

Positively the most daring and sensational play ever  
presented to an American audience. Indorsed by the leading

smart Spring models that will impress every shopper  
as being at once ultra-stylish and ultra-economical.  
With a range of materials including serge, pofret twill,  
gabardine, silvertone, poplin and velour checks, it is a very  
easy matter to select a fabric which will be both handsome  
and serviceable.

New waistcoat effects, Russian blouse styles, etons, and  
the entire collection of Fashion's newest triumphs to choose  
from.

All sizes.

Feature Values at \$35 and \$39.75

### Music's Re-Creation

From the time the first crude instrument was made to repeat  
"Mary Had a Little Lamb," men have worked to produce a phono-  
graph that would actually re-create the wondrous voices of splendid  
artists, the various instruments of the musician and the assembled  
orchestra, band and symphony.

It remained for Thomas A. Edison to create a standard of reality  
which the most critical musician endorses. Mr. Edison has literally  
created a new art and to adequately describe it, he calls it "MUSIC'S  
RE-CREATION."

Free Concerts Daily—Second Floor

## Many New Variations in CAPES COATS DOLMANS

At Prices Varying from

\$10.95 to \$79.50
